TUTOR PROFESSIONAL DEVELOPMENT HANDBOOK: B.Ed in Initial Teacher Education French Year 4

Tutor Version
Foreword to the Year 4 Tutor Professional Development Handbook

The development of this set of Tutor Professional Development Handbooks, for Year 4 Bachelor of Education (B.Ed.) courses in Initial Teacher Education marks both an end and a beginning.

It marks an end in that this is the final set of Tutor Professional Development Handbooks to be written, bringing an end to three years of writing by teams from across the four mentoring Universities (Kwame Nkrumah University of Science and Technology, University for Development Studies, University of Ghana and University of Education, Winneba) and Colleges of Education.

It marks a beginning because the significant reforms in teacher education which these Handbooks are helping to bring about has only just begun. The first student teachers who have directly benefitted from these Handbooks entered Colleges of Education in 2019 and won’t graduate until 2023. Once these B.Ed. graduates enter Ghana’s basic school classrooms, I am confident that we will see a year-on-year increase in the number of teachers meeting the quality benchmarks set out in the National Teachers’ Standards (NTS).

It is our intention and belief that these Handbooks will be used in Universities and Colleges of Education for many years to come and that they will play a central role in helping us to bring about a sustained transformation in our basic education system so that we achieve the goal of the Education Strategic Plan (2018-2030) that “all pupils are equipped with appropriate literacy, numeracy and social development skills to effectively transition to second cycle education.”

I would like to take this opportunity to thank the Ghana Tertiary Education Commission, the UK’s Foreign, Commonwealth and Development Office (FCDO) and Mastercard Foundation for their support over the past three years in making all this possible.

It offers the student teacher tangible evidence to show for their academic achievements as well as their participation in class and group assignments.

1.8 Discuss how you will prepare student teachers for NTC’S Professional Teaching Portfolio (PTP) Assessment in the world of work as beginning teachers.

Example:
Articles to be included

- c. Evaluations
- d. Sample lesson plans
- e. Report on Classroom Innovations (e.g., creation of TLRS, new methods)
- f. Relevant photographs
- g. Teaching honours and/or awards
- h. Evidence of student learning (e.g., graded exams, assignments i.e., 1 good/ 1 bad)

The need for portfolio  
It offers the student teacher tangible evidence to show for their academic achievements as well as their participation in class and group assignments.  

1.2 Discuss how you will prepare student teachers for NTC’S Professional Teaching Portfolio (PTP) Assessment in the world of work as beginning teachers.  

Example:  
Articles to be included  
- Sample videos of their teaching  
- Statement of teaching philosophy  
- Evaluations  
- Sample lesson plans  
- Report on Classroom Innovations (e.g., creation of TLRS, new methods)  
- Relevant photographs  
- Teaching honours and/or awards  
- Evidence of student learning (e.g., graded exams, assignments i.e., 1 good/1 bad)  
- Continuing Education/Workshops completed (CPD)  

Benefits  
- Promotion  
- Professional development  
- Reference material  
- Encourages the "scholarship of teaching" as teachers begin to engage in classroom research.

### 1.6 Discuss how to assist student teachers to prepare adequately for the world of work through Post internship seminar.

### 1.7 Identify areas where student teachers require further training.

#### Example:

- Professional Teaching portfolio (page 64-68)  
- Continuous professional development (pages 104-113)

**NB:** Refer to the STS *Handbook.* *(Four-Year Bachelor of Education Degree, Supported Teaching in School Placement Handbook, Year Three, 2020/2021)*

### For each session remember this is the final semester before Students begin teaching provide prompts to help support this transition for planning and give regard for GESI, CCI, ICT etc.

### 1.6 Discuss and provide prompts to support planning for beginning teachers, considering GESI, CCI, ICT etc.

#### Example:

i. Reminding student teachers to be mindful of GESI issues during the delivery of lessons (learners with hearing impairment, different cultural inclinations, stuttering, introverts etc).  

ii. Asking student teachers to review their teaching philosophy to suit the context of practice.  

iii. Reminding student teachers to use audio-visual materials such as (television, I-box, laptop, mobile phones etc) in listening/watching and appraising physical activities and musical concepts.

b. **Asking student teachers to review their teaching philosophy to suit the context of practice.**  
c. **Reminding student teachers to use audio-visual materials such as (television, i-box, laptop, mobile phones etc) in listening/watching and appraising physical activities and musical concepts.**  
d. **Asking student teachers to use low-cost teaching and learning resources from the environment in teaching.**  
e. **Asking students to tap into the expertise of resource persons in their community of teaching.**  
f. **Reminding student teachers to always link their lesson with the National Teachers Standard.**  
g. **Asking Student teachers to be reflective practitioners** |
| 2 Concept Development  
(New learning likely to arise in lesson/s) :  
- Identification and discussion of new learning, potential | 2 Concept Development  
2.1 In groups, mention and discuss new concepts taught as provided in the Course Manual.  
Example:  
i. **Advanced Communication Skills in French**  
| 15 mins |
2.2 Discuss possible barriers identified and how they were addressed in teaching the concepts.
Example:
- **Unfamiliarity with different language register**
- **Limited copies of reading resources**
- **Absence or inadequate reading materials on French Literature and Linguistics**

2.3 Discuss how you helped student teachers to use different strategies to support learning of these areas in basic schools through STS activities. Example: Storytelling, group work and talking point

3. Planning for teaching, learning and assessment activities for the lesson/s

- Reading and discussion of the teaching and learning activities
- Noting, addressing, and explaining areas where tutors may require clarification
- Noting opportunities for making explicit links to the Basic School Curriculum

3 Teaching and learning activities for the lesson

3.1 In groups, share their remarks about the teaching and learning activities of the Lessons and identify areas that require further clarification.

3.2 In groups, present the areas identified in the manual on the teaching and learning activities for whole group discussion. **Example:**
- **Listening**
- **Discussion**
- **Brainstorming**
- **Questions and answers**
- **Group presentation**
- Noting opportunities for integrating: GESI responsiveness and ICT and 21st C skills
- Reading, discussion, and identification of continuous assessment opportunities in the lesson. Each lesson should include at least two opportunities to use continuous assessment to support student teacher learning, subject specific examples should be provided for SL/HoD
- Resources: links to the existing PD Themes, for example, Classroom Enquiry and Action Research (CEAR), questioning and to other external reference material: literature, on web, Utube, physical resources, power point; how they should be used. Consideration needs to be given to local availability
- Tutors should be expected to have a plan for the next lesson for student teachers

3.3 Identify and discuss in groups and share with the whole group how you integrated the core transferable skills and GESI in your lessons into the teaching and learning activities for both the B.Ed. and the Basic School curricula. **NTS1a, 1b, 2c, 3f, 3g.**

3.4 Brainstorm what your beginning teachers should have observed during STS on how the core transferable skills and GESI were integrated in the teaching and learning activities by the mentors.

**Example:**
- *Use of ICT tools*
- *Assistance to pupils with special need*
- *Collaborative work*
- *Communication skills*

3.5 Mention and assess effectiveness or challenges related to the assessment components you have used for your courses and share your experiences with the group. Consider whether you have satisfied the NTEAP requirement.

**Take note of these components:**
1. Subject project
2. Subject portfolio

Example:
Discourse Analysis and Translation

- *What are the different registers of French language?*
- *Give examples of the registers*

3.6 In groups, identify and discuss the proposed resources you have used for the teaching and learning of the concepts/sub-topics;

Example:

i. Advanced Communication Skills in French
ii. Discourse Analysis and Translation

iii. French Literature

Others were:
- ICT tools
- Resource links
- Book resources
- Bluetooth speakers
- Computers
- Text extracts

3.7 Discuss any other ones you might have introduced in the delivery of these lessons for a holistic discussion.

<td>WHAT IS IT?</td>
<td>The Subject project is an assignment designed to enable student teachers to demonstrate achieving one or more of the CLOs, progress towards achieving identified NTS, development of knowledge and understanding of: the Basic School Curriculum, GESI responsiveness, using ICT and 21stC skills</td>
<td>The Subject Portfolio is the deliberate collection of student teachers’ work that has been selected and organized for a particular subject to show student teacher’s learning and progress to achieving the CLOs.</td>

| CONSTITUENT S | Introduction: a clear statement of aim and purpose  
Methodology: what the student teacher has done and why to achieve the aim and purpose of the project  
Substantive or main section: Presentation of any artifacts, experiments, TLMs created for the project; presentation, analysis, and interpretation of what has been done, learned, or found out in relation to focus of the project  
Conclusion: Statement of the key outcomes of the project; reflection on what the student teacher has learnt | Either 3 items of work produced during the semester or 2 items of work and a mid-semester assessment  
The items of work to be selected by student teachers, with tutor support, during the semester as best examples of their progress. For each item they select, Student teacher’s need to reflect on: progress against identified NTS; achieving CLOs; increased knowledge and understanding of the Basic School Curriculum, GESI responsiveness, integration of ICT and how they could have approached developing the item differently to achieve a better outcome  
The mid-semester assessment: case study, reflective note, quiz etc. |
