Foreword

It is a great pleasure and privilege to be asked to write the Foreword to this latest set of Professional Development Handbooks for the Bachelor of Education (B.Ed.) in Initial Teacher Education Year 2 Semester 2 courses.

These Professional Development Handbooks are at the heart of Ghana’s ambitious teacher education reforms and have played a key role in the successes achieved to date. The Handbooks aim to ensure that tutors in Colleges of Education are reflecting critically on their methods of teaching and learning and supporting each other to implement the B.Ed. in line with the National Teacher Education Curriculum Framework and National Teacher Education Assessment Policy.

Tutors act as role models for student teachers. If tutors use the ‘lecture-method’ then this is what student teachers will imitate when they enter basic school classrooms. If tutors use a wide variety of interactive approaches, aligned with the National Teachers’ Standards, then these approaches will become standard behaviour for beginning teachers when they graduate.

Over the last six years there is compelling empirical evidence that there has been a substantial shift in tutors’ behaviour and approaches. This has had a tremendous impact on student teachers. An annual external evaluation of beginning teachers’ classroom practices is carried out nationwide. In the 2015 evaluation only 2% beginning teachers demonstrated competencies and behaviours in the National Teachers’ Standards. By 2019 this had increased to 42%. When one considers that these figures are derived from a national sample of all beginning teachers in the country it demonstrates that there has been a genuine transformation in Ghana’s teacher education system.

This latest set of Professional Development Handbooks, developed by four mentoring universities (Kwame Nkrumah University of Science and Technology, University of Education, Winneba, University for Development Studies and University of Ghana) and tutors from their affiliated Colleges of Education, represents the first set of Handbooks developed since the onset of the COVID-19 pandemic. COVID-19 has had a significant impact on all of our lives and Colleges of Education should be commended for the way in which they rapidly responded to institutional closures and made the transition to emergency remote teaching and learning. These Handbooks have been designed to reflect the current realities of the blended learning approach which is being used in Colleges of Education and it is hoped that they will play a role in increasing the effectiveness of these new approaches.

These are also the first Professional Development Handbooks to be developed since Transforming Teaching, Education & Learning (T-TEL) was established as a Ghanaian not-for-profit organisation. I would like to take this opportunity to thank both the Ghana Tertiary Education Commission and Mastercard Foundation for their collaboration and support with the ‘new T-TEL’ which has made the development of these Handbooks possible.

The New approach to the Weekly Professional Development (PD) Sessions for Tutors

Overview
1. Background to the new approach to PD Sessions
2. Features of the B.Ed. PD Sessions
3. The Role of the PDC
4. The Role of the PDC in coordinating the introductory Session for tutors

1. Background to the new approach to PD
   - For four years the CoE have been supported in leading weekly Tutor PD Sessions. The PD Sessions have focused on key themes, such as: the NTS, Action research and classroom enquiry among others. The ten theme-based PD modules have been vital in paving the way for the Reform of Teacher Education in Ghana. They have equipped tutors with important skills and knowledge to support the smooth transition to the New B.Ed.
   - The New Four-Year B.Ed. will be implemented in CoEs, now affiliated to the Public Universities, and a new approach to the tutors’ weekly PD is required. This new approach involves the Universities supporting their affiliated CoE in implementing the subject specific PD Sessions.
   - The weekly PD Sessions are designed to prepare subject tutors to use the B.Ed. Course Manuals to teach the 12 lessons in the Course Manuals to student teachers. This means the PD Sessions will now be subject specific. This means there will be subject specific PD groups running each week in the CoEs and universities.
   - The PD Sessions are designed to help operationalize the reform of teacher education at tutor and student teacher level and to support:
     - professionalising teaching by supporting teachers in developing communities of practice and raising the status of the teaching profession
     - improving the quality of new teachers by ensuring that they undergo a rigorous and practically focused, high-quality degree level programme
     - improving the learning outcomes and life chances for all children.

2. Features of the B.Ed. PD Sessions
   - The universities will prepare the Subject Leads or HoDs from their affiliated CoE to lead the weekly subject tutor Sessions,
   - The subject-tutor-groups can work at separate tables in one room. However, in exceptional cases a subject may need to work in another space in order to use specific materials or resources, e.g. video or science equipment,
   - The main resources for the weekly tutor Sessions are the Subject Specific Course Manuals and the PD Guidance Notes on each Course Manual,
   - Each PD Guidance Note is subject specific and contains two sections. The first section provides guidance for the Introductory Session for tutors. The second section is written to provide information to guide the weekly PD Sessions that are linked directly to the twelve lessons in the Course Manual,
   - The three-hour Introductory Session is to;
     - introduce the new approach to PD and organisation of the weekly Sessions
     - introduce the course manuals.

3.2 Discuss the various suggested teaching and learning activities used in the course manual and how you will use these to promote the delivery of the New 4-year B.Ed and the basic school curricula (through STS activities) taking into account GESI and transferable skills. *(refer to the teaching and learning activities section of the course manual)*

3.3 Model a selected activity in a teaching situation for feedback from colleagues.

3.4 Read the Lesson 3 activities from the course manual and discuss how assessment of this lesson can be aligned to the NTEAP (e.g. subject project 30% and subject portfolio 30%)

### 4 Evaluation and review of session:

4.1 Identify any outstanding issues relating to this lesson that you may require clarification.

4.2 Identify a critical friend to observe and provide feedback on your teaching of the lesson and report at the next PD session.

4.3 Read on the topic of next PD session by way of advance preparation.

### Course assessment in accordance with the NTEAP: SWL need to review assessment in the course manual to ensure it complies with NTEAP implementation and the 60% continuous assessment and 40% End of semester examination. This means ensuring subject project, subject portfolio preparation and development are explicitly addressed in the PD sessions.

Example of assessment items for subject project (30%) and subject portfolio (30%) are:

1. Small Group Assignment to Develop a Scope and Sequence Chart.
2. Peer assessment of the construction of modal and pentatonic scales—dorian mode, pentatonic (the two anhemitonic) scales.
3. Reflection by student teachers on strategies they will employ to assist SEN learners to fully participate in music lessons.
4. Peer assessment of the conceptual understanding of compound—duple, triple and quadruple time signatures.
5. Describe how simple time metamorphose into compound times and demonstrate their beat patterns in conducting
